**Sport=Hope=Opportunity**

*Gear for Goals mission is to provide every child in the world with sports and the arts.*

# Coaching tomorrows leaders

Dreamweaver believes the most important way to end poverty around the world is to discover and strengthen the skills and resources necessary to *“Help the Needy Become Needed!”* A core philosophy of all Dreamweaver projects is discovering and building the sustainability of people’s lives to flourish and grow organically from inside the community. Gear for Goals plants and nurtures the seeds of opportunity in children providing the fundamental tools children need to succeed. Children who play sports and learn music are capable of stronger leadership skills, powerful organizational ability, and more economic possibility.

## Impact

*\*50,000 children in 19 countries receive access to sport / arts since inception in 2012*

*\*Introduced and developing the first baseball program Mt. Kilimanjaro area of Kenya*

*\*Introduced baseball in first time in areas of Russia, Guatemala, & El Salvador*

### **“ONE GIVES ONE”**

*Providing a way for people around the world to help the most under resourced, the ONE GIVES ONE campaign donates a soccer ball for every ball you buy for yourself or your child. In addition baseballs can also be donated in the same way. You can multiply the efforts by donating 100% of the purchase price toward soccer ball or baseball donations.*

-Over 1 billion children in the world still live in a family that earns less than \$1/day and Gear for Goals believes taking a sector approach and addressing all the needs of a community including the sport and recreation needs has the strongest hope for transformation of global poverty.

-Sports provide a financial opportunity for children to escape the ravages of poverty.

-Athletes from the Dominican Republic have been able to gain access to Major League Baseball providing increasing capital investment in the country & improved services. (1 in 7 MLB players is Dominican)

-Music and the arts are important in the development of the brain & have the ability to augment problem-solving capacity, organizational ability, and creative expression.

-Some athletes and musicians are eligible to receive advanced college scholarships and further education resulting from individual talent.

-Sports and the arts provide community building opportunity bringing people together to enjoy competition, camaraderie, and fun.
